

FON Memberships

We offer numerous membership options that allow you the opportunity to determine precisely where your needs fall. We are always available to assist you in understanding each membership option in more detail. Our membership opportunities include Bronze, Silver, and Gold. Each provides additional benefits. The next page offers a summary of the benefits of each membership package.

ABOUT FAMILY OFFICE NETWORKS

Family Office Networks is a unique community of different Family Offices located throughout the world. FON brings information, opportunities, and investment resources to affluent families and individuals. One goal is to provide multi-generational support to family structures in order to ensure continued success and wealth preservation. By offering exceptional news, information, and other resources, FON offers its clients the best platform for success. Family Office Networks, which serves as the hub for all Family Office Associations, currently has over 45,000 users including over 10,000 single and multi family offices and members of family offices.

FON Membership Guide

We host over 100 exclusive events every year in over 30 major pockets of wealth around the globe. Our events are designed to create a forum for Family Offices and other UHNWIs to come together with a select few asset managers and service providers exchanging information, ideas, deal flow, and generally to create a more efficient marketplace.

NETWORKING EVENTS

These are generally open format cocktail receptions with 75 to 100 people. We maintain a make up such that a majority of the attendees are allocators with the remainder being paid members that categorize as asset management firms or service providers. This creates a collaborative environment where everyone can benefit.

INDUSTRY OPPORTUNITY DISCUSSIONS

Luncheon or dinner events hosted for groups ranging from 10 to 30. These events are jointly hosted with an asset management firm leading a discussion tied into their investment strategy.

PANEL DISCUSSIONS/ SPONSORED EVENTS

We frequently tap into our network of industry professionals and experts to assemble events based around evolving and emerging industries, interesting concepts, niche opportunities, and the like. These events range in size and length based on the topic but always feature unique thought leadership.

OUR ASSOCIATIONS

Family Office Networks built out its best in class distribution in the family office space through hosting tailored events in every significant pocket of wealth around the globe. FON currently has over 30 local Family Office Associations and hosts over 75 events each year.
